

PROCESS DATA SHEET - ROXAR MULTIPHASE FLOW METER

GENERAL INFORMATION										
Company:			Project:				Contact person:			Date:
Number of units:				Design pressure:				H2S:		
Pipe Dimension and schedule:				Design temperature:				CO2:		
Material:				Estimated delivery time:				[MEG]:		
Pressure rating:				Flanges:						
EXPECTED FLOWRATES										
	Unit	Initial production			Mid production			End production		
		Typical combination	variations	variations	Typical combination	variations	variations	Typical combination	variations	variations
Oil										
Water										
Gas										
Op. Pressure										
DESCRIPTION OF APPLICATION										

Roxar Flow Measurement AS
 P.O. Box 2364, 5037 Solheimsviken, Norway
